The Blazing Squad

An AoS Army List by Dave Knatt, Keeper of the Eggs

Imrik stood proudly atop Minaithnir and addressed the small group assembled before him. Elion Drakemiester, warrior of old, sat astride Mirianth, the steed that had borne him since he was just an elfling. Ailmar the Sturd, always stoic in his demeanour, calmed Niruth Warmheart, his feisty young dragon always eager for battle. Tannyl and Tarsus, the Dragon Mage twins, always smirking, always furtive, both sat atop their twin Drakes, Lusolth and Cheloth. To complete this throng of heroes was Eltharion. Blinded by rage, the aged hero now trusted Stormwing as his eyes, the pair attuned empathetically through aeons of comradeship.

“The Compass is lost!”, Imrik declared, “and we have been charged with its return! Fly my brothers! For the fate of the Realms lies in our hands!”

The six majestic beasts responded instantly. Beating their wings, they left the hard ground typical of Chamon, and flew towards the storm. The Blazing Squad were abroad. Woe to their enemies!
